PROFESSIONAL SUMMARY

Enthusiastic React.js Developer eager to contribute to team success through hard work, attention to detail and excellent organizational skills. Clear understanding of Front-end technologies, Responsive Design, Debugging experience and efficiency in MERN stack development. Motivated to learn, grow and excel in website development.

SKILLS

FRONT-END SKILLS : **React.js, JavaScript programming, Bootstrap, Firebase authentication, API, GitHub and Npm packages.**
BACK-END SKILLS: **Express.js, MongoDB**.

PROJECTS

1. **Travally - a travel agency website coded with MERN Stack and CRUD op**
 Apr. 2021 to Apr.2021
• Developed a website in 3 days with a strong UI where users can choose and book a travel package with just 1 click, write reviews and show bookings history.
• Admin can add, track and delete services to have more control over the website.
• Mobile responsive, reduced load time by optimizing images to a subtotal of 60 KB.
• [Source code(client side)](#) [Source code(server side)](#) [Live site](#)

3. **Ema-john - an Amazon clone**
Feb. 2021 to current
• Cart manipulation, and item descriptions on the homepage for better user experience.
• Data shuffles with 80 items every time to get new products to the user.
• Secured API with JWT token, developed with React.js, Express.js, MongoDB and Bootstrap.
• [Source code (client side)](#) [Source code(server side)](#) [Live site](#)

2. **Funrise - A toy store web app with MERN stack and Crud op**
Mar. 2021 to Apr. 2021
• Launched within 2 days with Database integration, it has a User panel and users can seamlessly upload pictures of toys for sale. Implemented private route to protect non-user to having access to the database.
• Website built with React, React-router, Firebase authentication, MongoDB and Express.js
• [Source code(client side)](#) [Source code(server side)](#) [Live site](#)

EDUCATION

Siddheswari Girls College - July 2020 to Current
